## NEWS FROM THE JENNY ALONI CENTRE FOR EARLY CAREER RESEARCHERS

### **Petition: Synchronise the lecture period and school holidays in NRW**

In NRW, university members with children who are required to attend school and daycare are challenged every year by a strong overlap between school holidays and lecture and examination periods due to the lecture periods stipulated by state law and the nationally rotating school holidays. For employees and students, this overlap can cause problems in reconciling care work and work or studies. In addition, they are only able to go on family holidays in a very limited period each year. A petition by the Netzwerk NRW Vereinbarkeit von Semesterzeiten und Schulferien an Hochschulen (Network NRW Compatibility of Semester Times and School Holidays at Universities), of which numerous NRW universities are part, is therefore calling for the start of lectures at all universities and colleges in NRW to be moved to 1 March and 1 September. Information and the opportunity to sign can be found [here](#).
